

# Canadian Wood Preservation Association

## Table of Contents of 2001 Annual Meeting Proceedings:

<a href="#"><u>Wood physical properties and how they affect durability and treatability,</u></a> <i>John Balatinecz</i> .....	1-7
<a href="#"><u>Wood deteriorating organisms,</u></a> <i>Paul Morris</i> .....	8-25
<a href="#"><u>Wood preservatives,</u></a> <i>Ben Lucas</i> .....	26-56
<a href="#"><u>Kiln drying lumber trends and related moisture issue,</u></a> <i>Peter Garrahan</i> .....	57-60
<a href="#"><u>Treatment Processes,</u></a> <i>Craig Wilson</i> .....	61-87
<a href="#"><u>Post treatment conditioning - fixation of CCA,</u></a> <i>Paul Cooper</i> .....	88-97
<a href="#"><u>Safe plant operations applying the TRD's,</u></a> <i>Friedl Brudermann</i> .....	98-124
<a href="#"><u>Perspectives on Alternative Preservatives,</u></a> <i>Ernst Wormuth</i> .....	125-145
<a href="#"><u>Biotechnology related to wood protection/preservation,</u></a> <i>Kurt Messner</i> .....	146-164
<a href="#"><u>Leaching of CCA from treated decking lumber,</u></a> <i>Tony Ung</i> .....	165-176
<a href="#"><u>Understanding CCA leaching,</u></a> <i>Levi Waldron</i> .....	177-199
<a href="#"><u>Sequential extraction of CCA components from treated wood,</u></a> <i>Suzana Radivojevic</i> .....	200-206

# Canadian Wood Preservation Association

<a href="#"><u>Fixation of ammoniacal/amine wood preservatives,</u></a> <i>John Ruddick</i> .....	207-232
<a href="#"><u>The pesticides Issue – Lessons to be learned,</u></a> <i>Kimberley Bates</i> .....	233-254
<a href="#"><u>The National Building Code – How it relates to wood durability,</u></a> <i>Eric Jones</i> .....	255-278
<a href="#"><u>Predicting the failure of wood products using statistical techniques,</u></a> <i>Robert De Leeuw</i> .....	279-293
<a href="#"><u>Arsenic and old lumber: the perspective of a medical toxicologist,</u></a> <i>Jeffrey Nemhauser</i> .....	294-324
<a href="#"><u>Managing arsenic and hexavalent chromium by the SOP process,</u></a> <i>Barry Munson</i> .....	325-351
<a href="#"><u>Phytosanitary issues,</u></a> <i>Eric Allen</i> .....	352-361
